

GREEN ACRES hydromulching

With our wide range of water trucks and experienced operators our company will manage all of your dust suppression and watering requirements. Our water trucks are fully mine specific, complete with long range high pressure water cannons and in cab controls for all sprays. Trucks are fitted with E-Stops both in and outside the cabin, plus IVMS for reporting requirements.

Green Acres Hydromulching - Water Truck Hire

We offer a complete package when it comes to our clients' needs.
